EGNYTE + PROCORE

The Easiest Way to Securely Share and Collaborate on All of Your Data

From Anywhere and on Any Device at Any Time

The Egnyte Advantage - The leader in secure cloud storage, data, and content management.

Why over 3000 AEC firms worldwide use Egnyte:

Sync project folder and large files to make locally accessible at the job site trailer	Integrate project data from Procore along with many other complementary AEC solutions	Automate document retention compliance based on contractual or warranty requirements	Mitigate the impact of ransomware on project docs by 'rolling back' to a previous version	Support CMMC Level 3 and FedRAMP initiatives for Federal and DoD projects

---

Two-way Automatic Sync

- Automatically sync Procore Documents tool with the relevant folder in Egnyte

- Make sure the entire team is on the same page, while maintaining governance, security and compliance

- *NEW!* Near Real Time sync of documents

PROCORE Documents
